

**Dear COST D33 Colleagues
and interested Scientists**

COST D33 Action (Nanoscale Electrochemical and Bioprocesses (Corrosion) at Solid-aqueous Interfaces of Industrial Materials) invite you at **Final Workshop**, which will be held at Babes Bolyai University Hotel, Cluj - Napoca, Romania during 13 to 15 of May 2009. Relevant information are attached on **Workshop Flyer and Workshop information**.

We have to prepare as soon as possible the application because it need to be sent at COST Office in Brussels, where we have to put the list of COST participants for the Meeting and planning the necessary budget to be allocated. Also, we have to include the agenda of the meeting and the conference programme, before the end of March 2009.

Thus, we would like to ask you:

- Can you confirm if you will be able of participating in the Meeting?**
- Can you please submit your abstracts for the final program to start being arranged?**

We would appreciate if you could fill the Application Form available on Workshop Flyer attached and send it to us as soon as possible.

For **accommodation**, a number of rooms were reserved for the event on the workshop site giving us the possibilities of intensive interactions between all participants. As the number of rooms available in this hotel is limited, we would appreciate if you could answer in time.

The participation of students and non-COST delegates, is welcomed, thus we thank you if you can disclose the information on the event through your contacts. A **provisional programme** is also available on the **Workshop Flyer and soon on the webpage**.

We thank you very much for your efforts, cooperation and help.

I hope to see you all at Cluj – Napoca (RO), one of the most important academic, cultural and industrial centers in Romania, the historic capital of Transylvania!

Your contribution will be highly appreciated for the scientific successful of the COST D33 final meeting.

Best regards

COST D33 Final Workshop
Core Group & Organizing Committee.
